

Life Is On

Schneider
Electric

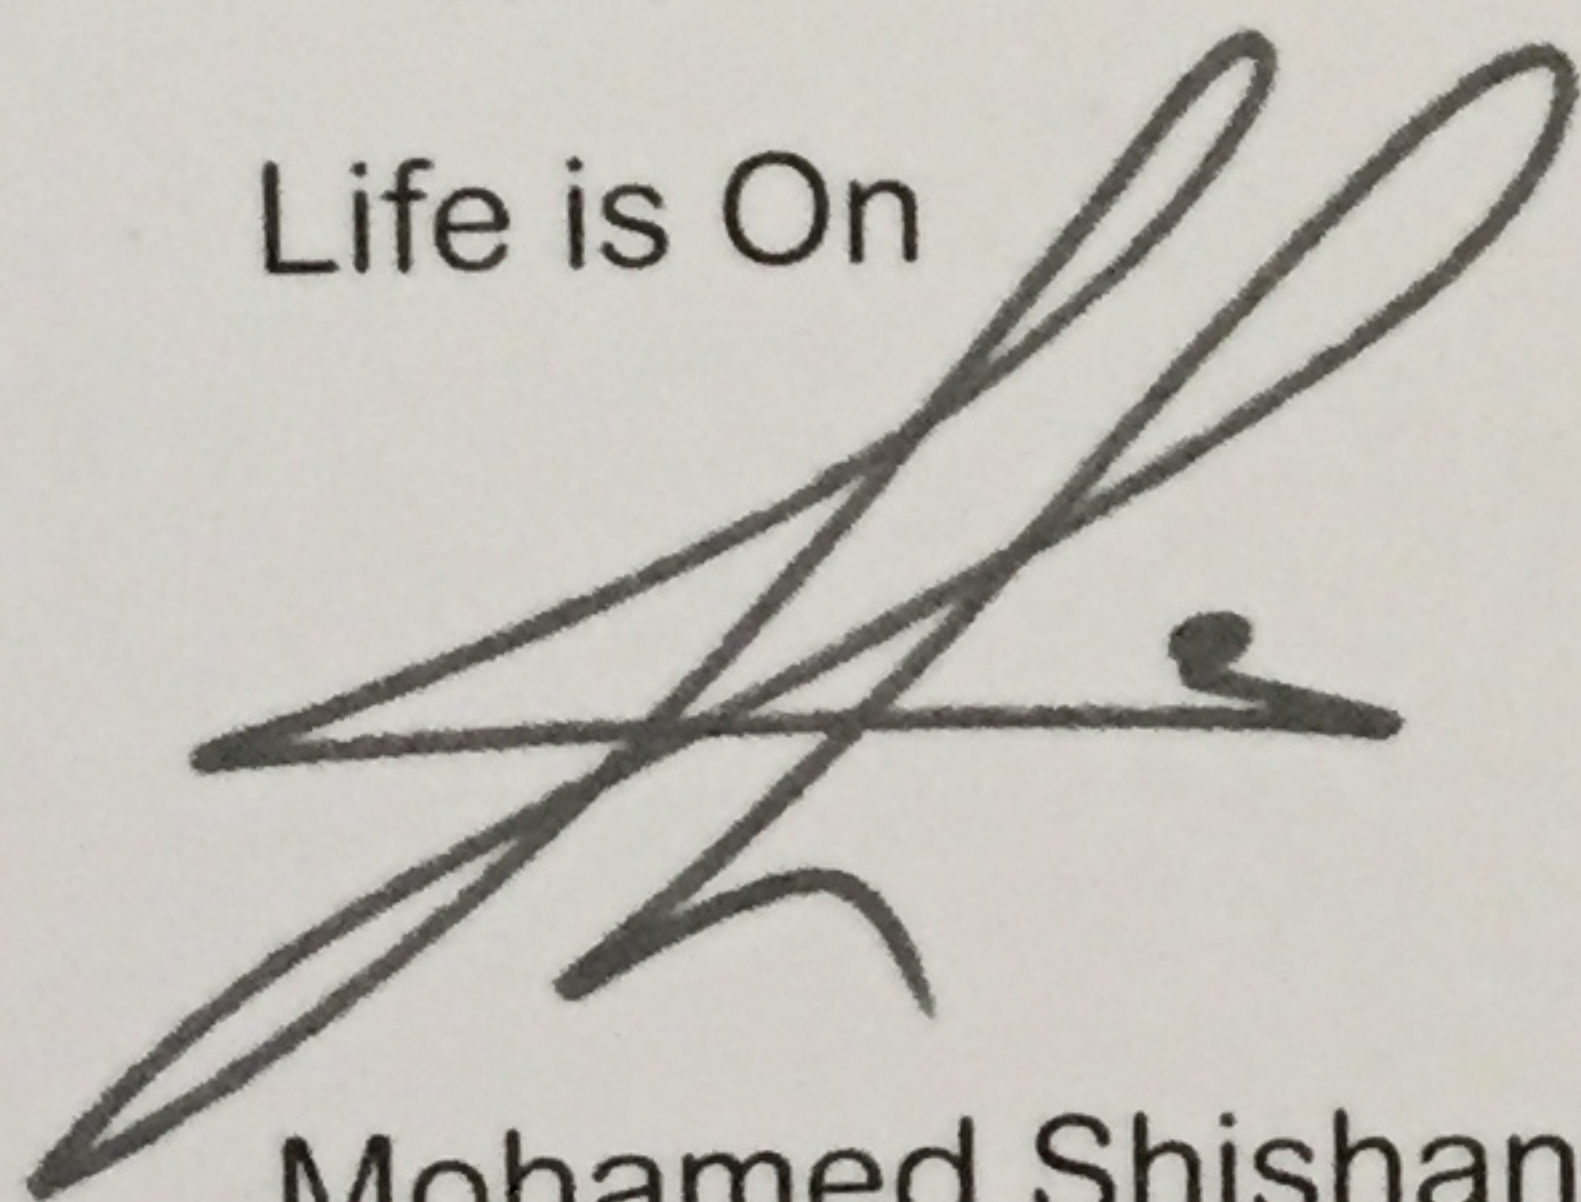

Dear Colleague,

What if I told you that you **can**
boost the operational efficiency of
your customers' buildings by
as much as 30 percent? While
making them safer and more reliable?

The second EcoStruxure Power webinar training is available. Log onto My Learning Link and launch this critical training today. In Q4 we are turning our attention to selling EcoStruxure Power in large/critical applications, and I want to tell you how you can connect your Healthcare customers to operational efficiency.

I'm sending you this gift to use at your next sales meeting. Like EcoStruxure Power, it's a plug-and-play solution that simply works.

Life is On

Mohamed Shishani

EcoStruxure Power Deployment Leader
